Technifuse Mobile App Development Proposal

Scale your Shopify store into a mobile powerhouse.

Technifuse offers specialized Shopify app development, providing high-performance native applications with seamless Shopify sync, push notifications, and powerful analytics. Our goal is to convert your store traffic into a loyal, high-retaining customer base.

Our Tech Stack

We utilize modern, battle-tested technologies to deliver fast and reliable solutions:

- **Frontend & App Framework:** React Native (iOS & Android)
 - **Backend & APIs:** Node.js, GraphQL, Shopify API
 - **Engagement & Notifications:** OneSignal, Firebase Cloud Messaging, Deep Linking
 - **Design & UX:** Figma, A/B Testing, Core Web Vitals Optimization
 - **Analytics:** Mixpanel, Amplitude, Google Analytics, Shopify Analytics
-

Our Core Services

1. App Development

iOS + Android app with React Native & Shopify API integration.

- Real-time Product Sync
- Native Cart & Checkout
- Custom Branded UI/UX
- Performance Optimized

2. Conversion Optimization

Fast UI/UX designed for mobile-first shoppers to maximize sales.

- Ultra-Fast Loading Times
- Mobile-First Design
- One-Tap Checkout Experience
- Reduced Friction Points

3. Push Notifications (Profit)

Your #1 revenue driver with abandoned cart and sales alerts.

- Abandoned Cart Reminders
- Personalized Sales Campaigns

- Back-in-Stock & Limited Time Offers
- High Open & Click Rates

4. App Store Launch

Full publishing management for Apple App Store & Google Play Store.

- App Store submission & Google Play deployment
- App Store Optimization (ASO)
- Guidelines Compliance & Release Management

5. Analytics & Growth

Data-driven insights to track retention and customer behavior.

- Track Installs & Retention
- Customer Behavior Mapping
- Revenue Attribution

Pricing & Subscription

We believe in a Risk-Free Launch for our clients. Instead of heavy upfront development fees, we offer a completely done-for-you mobile app through a simple subscription model.

Pricing:

PKR 30,000 / month

(Billed monthly. Cancel anytime.)

What's Included in the Subscription?

By partnering with Technifuse, you get your own dedicated development team for a flat monthly fee. No surprises, just growth.

- **Complete App with no initial cost**
- **App Updates & Bug Fixes**
- **Custom Feature Development**
- **24/7 Technical Support**
- **Monthly Performance & Growth Audit**
- **Push Notification Strategy & Management**
- **Managed Shopify Integration & Sync**
